Aures Multi

Electric Instantaneous Water Heater

Advanced performance

- / Multi point to supply more water points at the same time.
- / Flow sensor system to make the product work only when you open the tap.

Full comfort

- / Frontal human interface and LED feedback to set the product easily.
- / Axial regulation: 4 steps power to set the desired energy consumption.
- / Easy to maintain with frontal access to all internal components.

Everlasting quality

- / Absolute safety thanks to double thermal cut-out.
- / Also available with 2 Pole ELCB - Earth Leakage Circuit Breaker.
- / The Top level in water protection guarantees a safe installation also in shower box and against every type of water jet (i.e. shower jet, tap jet).

Exclusive design

- / Premium "Ariston Wave" Italian Design.
- / Frontal elegant brushed effect.
- / Cover of water inlet and outlet pipes.
- / Space saving thanks to compact sizes.
